

## AVIATORS FIND IT TOUGHER TO TALK THAN FLY

### Speeches Very Short —Monument Is Unveiled At Seattle

SEATTLE, Wn., Sept. 29. (AP)—Plans were being made tonight by six United States army lieutenants, who completed the first circumnavigation of the globe here yesterday to leave Seattle at 9:30 o'clock tomorrow morning to attend the Pulitzer Airplane races at Dayton, Ohio.

A program of addresses, concluded with a dedicatory talk by United States Senator Wesley L. Jones, preceded the unveiling of a monument today at Sand Point aviation field, erected in commemoration of the first around the world airplane flight. The monument was erected by Mrs. Frances Cole of Spokane, Washington, sister of Lieutenant Leslie P. Arnold, mechanic for Lieutenant Lowell H. Smith, commander of the flight. Mrs. Cora Arnold, mother of Lieutenant Arnold was present at the ceremony.

"We dedicate this shaft to tell the ages of their achievement," Senator Jones said in his address. "Let us hope that the journey which began and ended where this monument stands will intensify the interest of the American people in air navigation, making it a blessing to civilization and put an end to war and waste."

Each of the six fliers appeared on the speakers' stand and gave short addresses.

Major Frederick L. Martin, former commander of the flight called on to talk, praised his comrades in a voice husky with emotion and urged utmost support for aviation.

"The hardest part of the trip was leaving Seattle April 6, for Alaska, and knowing that we would have to go all around the world together," said Lieutenant Smith in his first address. "It is harder to talk to you than it is to fly around the world," was Lieutenant Leigh Wade's comment.

"I am the worst talker of the bunch," said Lieutenant Erik Nelson. "I've never made a talk before except when I was called upon to speak in Shanghai, China. We all appreciate the aid given us."

With the greatest of their worries over—speeches, as Lieutenant Smith expressed it after the ceremonies today, the fliers were anxious to leave here for the air races.

The men were guests tonight at a dinner dance given by the college club, the last formal reception on the program in Seattle.

### PROGRESSIVES GIVEN PLACE ON BALLOT

BATON ROUGE, La., Sept. 29.—District Judge Jones tonight issued an alternative writ of mandamus against Secretary of State James J. Bailey on application of J. J. Finneran, head of the LaFollette organization in Louisiana, directing the secretary of state to show cause October 6th, why the Liberty Bell emblem and the names of the 10 LaFollette-Wheeler electors should not be placed on the ballots for the general election in November.

Mr. Bailey today refused to accept the petition necessary to place the names of the electors on the ballot on the ground that hundreds of the signatures thereon were those of voters who had registered either as Democrats or Republicans. A state statute requires that petitions seeking to have the names of independent candidates upon the ballot must bear the signatures only of voters who had registered as independent of party affiliation.

### ARGENTINIAN ARRIVES TO STUDY SEED CORN

He states that the farmers of Argentina use advanced methods and modern machinery of American type and that the climate is similar to that of the United States corn belt, they are handicapped by the lack of good seed corn. He will visit ten states of the middlewest studying seed corn production.

### CHICAGO WOMAN HELD FOLLOWING DEATH OF HER BROTHER-IN-LAW

Was Beneficiary In Life Insurance For Amount Of \$50,000

CHICAGO, Sept. 29.—An investigation into the death of Leon Scott, whose body was found in a hotel Saturday, was ordered today following receipt of a telegram from his sister, Mrs. Nellie M. Wilson of San Diego, Calif. Mrs. Wilson stated that Scott had died under mysterious circumstances.

An inquest started earlier in the day was continued to October 14, when the telegram was received.

It was developed at the inquest that Scott had carried \$50,000 in insurance, the beneficiary of which was Mrs. Gladys Scott, widow of the dead man's brother, Mrs. Louise Zimbel of Dixon, Ill., whom Scott divorced eight years ago, testified that he had quarreled with Mrs. Gladys Scott about a month ago.

Mrs. Scott and her stepson, Walter G. Scott, were taken to the state's attorney's office tonight for questioning.

She told of Leon Scott's connection with her undertaking establishment, saying that he was secretary of the corporation at a salary of \$30 a week. Although she knew he was paying out \$600 to \$800 in insurance premiums every year she asserted she knew of no reason why she was named beneficiary and denied that she had influenced him in any way in having the policies drawn up. Leon had been sick for about a year, she said.

Mrs. Scott married Leon's brother, George, in 1917, and he died in 1921, leaving her the undertaking business and insurance worth \$14,000. He also bequeathed her five pieces of property, but these are still in probate.

Walter Scott told of incidents in the married life of his father and step-mother. He said that when his father was near death from anemia, Mrs. Scott refused to permit him, the son, to give up any blood to save the elder Scott. A few months later he died. Scott also related that his step-mother had taken out a license to marry Leon about a month ago.

### RESPECTS OF NATION SHOWN TO MARTYRED DIPLOMAT TO PERSIA

#### President And High Officials Of Both Governments Attend

WASHINGTON, Sept. 29. (AP)—Respects of the nation were paid today to Robert Imbrie, the American vice-consul who was killed by a fanatical mob at Tehran, Persia, last July at funerals services attended by President Coolidge and high officials of the American and Persian governments.

Members of the sanitary livestock commission were hurrying to completion plans to destroy the cattle which have the disease and which are under guard of range riders, working in three shifts. Four steam shovels were put on the premises where the cattle are located, digging trenches for the reception of the three infected herds.

J. E. Boe-Scott, chairman of the commission announced that extermination of the cattle probably would begin Wednesday. Expert riflemen have been selected to slaughter the animals.

### TEXAS FIGHTING FOOT AND MOUTH PLAQUE THOROLY

#### 1800 Cattle To Be Killed—\$100,000 To Be Expended

HOUSTON, Texas, Sept. 29. (AP)—Plans to finance the campaign against the foot and mouth disease now in the fourth day of its progress in this vicinity, the announcement that no new outbreaks had been discovered, and teverish preparations in the face of difficulties to destroy approximately 1,900 infected cattle on about 8,000 acres of pasture land, were the outstanding developments in the quarantine situation here today.

The financial aspect was canvassed at a conference between Governor Pat Neff and members of the sanitary livestock commission with the result that the governor announced he would confer tomorrow in Austin with the state banking commissioner in an effort to induce the bankers of the state to cash deficiency warrants for an initial \$50,000 at face value.

A like amount is on deposit in Houston banks as the first contribution of the federal government toward stamping out the disease according to a statement by Dr. Merion Imes of California, foot and mouth disease expert of the department of agriculture, and in charge of the field forces here.

Dr. Imes told the conferees that previous outbreaks had never been eradicated in less than seven months and it was his judgment that with the most favorable development inspectors should be kept in the field here for that length of time.

At the conclusion of the conference Dr. Imes told newspapermen that examination of the cattle was progressing in an ever increasing area in the quarantined counties of Harris of which Houston is the county seat, Galveston and parts of Brazoria and Fort Bend, but that while many rumors had been investigated sources of infection had been reported.

Members of the sanitary livestock commission were hurrying to completion plans to destroy the cattle which have the disease and which are under guard of range riders, working in three shifts. Four steam shovels were put on the premises where the cattle are located, digging trenches for the reception of the three infected herds.

J. E. Boe-Scott, chairman of the commission announced that extermination of the cattle probably would begin Wednesday. Expert riflemen have been selected to slaughter the animals.

### RAIL UNION HEADS ORDERED TO TESTIFY

CHICAGO, Sept. 29. (AP)—Federal Judge James H. Wilkerson, on motion of the Railroad Labor Board, today subpoenaed David B. Robertson of Cleveland, Ohio, president of the Brotherhood of Locomotive Firemen and Enginemen to answer within 20 days and show cause why he should not be ordered to testify before the board. Petition for such an order was filed before Judge Wilkerson in the United States court for the Northern District of Illinois, eastern division by the board thru United States Attorney Edwin A. Olson and Weymouth Kirkland, special assistant to the attorney general.

Counsel for the board announced that an identical petition to compel the testimony of John McGuire of Chicago, general chairman on the Chicago and Northwestern railroad for the Brotherhood of Locomotive Engineers would be filed before Wilkerson when printed, probably on Wednesday.

### BUSY SCHEDULE IS PLANNED FOR DAWES

CHICAGO, Sept. 29. (AP)—A busy program occupied President Coolidge today and included discussion of the political situation with various party leaders as well as attention to government business. Proposals for navy day, October 27, were gone over with the President by Senator Wadsworth, Republican, leader in New York, and Robert Bruce Howe, of Washington, and Marion Epley of Newport, R. I. officers in the navy league. It was said later at the white house that the suggestion has been made that Mr. Coolidge speak in New York City on this date which also is the birthday of the late President Roosevelt. No decision has been reached on this point however.

### JEALOUSY BELIEVED CAUSE OF SHOOTING

Chicago, Sept. 29.—Mrs. Julia A. Douglas, pretty trainer of circus horses and mistress of a riding academy, was shot and killed today by George Munding, proprietor of a Chicago riding academy after a quarrel in the paddock of Mrs. Douglas' riding school at Minsdale, Ill., a suburb.

Munding was arrested as he raced toward Chicago in his automobile and admitted that he had visited Mrs. Douglas, a widow he who said, was his fiancee, but declared he did not remember shooting her. The police ascribed the slaying to Munding's jealousy of another man.

### Dead Actress Leaves Millions To Charity

BOSTON, Sept. 29. (AP)—The \$3,000,000 estate which Miss Lotta Crabtree, acquired in a colorful career of song and dance, real estate investment and theater operations goes to charity under the terms of her will which was filed today—and half of the sum goes to form a trust fund for world war disabled veterans and their dependents. Setting aside only nominal sums for relatives, the actress left hundreds of thousands for dumb animals, needy actors and actresses, hospitals and discharged convicts and the residue to graduates of Massachusetts Agricultural College.

The will establishes a trust fund of \$2,000,000 for those men and women in the service of the United States during the world war who were disabled, maimed, wounded or sick and dependents. The "Lotta Fund" for aiding discharged convicts.

A life of forty years for the trust is set by the donor after which the funds are to go as residue of the estate to graduates of the Massachusetts Agricultural College.

### COOLIDGE SAYS LOUISIANA LAW IS NOT PROPER

#### Tells LaFollette Sup- porters All Should Have Choice

NEW ORLEANS, La., Sept. 29. (AP)—LaFollette headquarters for Louisiana here gave out today the text of a telegram from President Coolidge with reference to the situation in this state where LaFollette-Wheeler electors have been barred from the ballot in the election in November because of a state law relating to party affiliation.

The message, which LaFollette leaders said was received today follows:

"Re: Your telegram, it is my desire that full and free opportunity be afforded under the state laws of our country for an expression of the popular will in the election of all public officials. To my regret there are states in the union where the law is such that this is not possible and it is too late now to change such laws. While I am heartily in favor of party government I believe that when a contest is made in a primary which is open to participation of all the people it should go far to determining what candidates are to be presented at a coming election.

"Nevertheless, I recognize it is the privilege of our voters to support anyone they wish at the polls and feel that a law should not be drawn for the purpose of preventing such action. I would apply this rule not only to your complaint about Louisiana but to all other states of the union.

(Signed)

"Calvin Coolidge."

Secretary of State Joseph Ballou today refused to permit the names of the LaFollette electors to be on the official ballot basing his action upon a state law which requires petitions relating to independent candidates should be signed by voters who have declared themselves independent of affiliation with any party when they registered. The petition presented today by the LaFollette leaders bore the signatures of hundreds who registered as Democrats or Republicans. The registrar of voters refused Saturday to certify the signatures on the petition and the LaFollette workers carried out their announced intentions of presenting it to the Secretary of State today without such certifications. Upon his refusal to accept the petition, they said they planned to go into the courts and apply for a writ of mandamus in an effort to force its acceptance.

Perrin surrendered to the police today.

Soaked to the skin by rain, his clothes disheveled thru his constant wandering since last Friday night when Mrs. Rawson was shot to death and her daughter, Nina, seriously wounded, Perrin was taken to jail where he told of his escape Friday night and his subsequent wanderings.

Perrin told of the shooting, and recited a narrative of 20 years of alleged persecution by his mother-in-law. He said it had its inception when he became engaged to his wife, Deborah, because he did not ask her mother if he could marry her daughter.

Means was denied, but Judge Foster gave Means until Friday to appeal to the circuit court of appeals for an order in forma pauperis, which would permit him to appeal in the guise of a pauper.

Means and his one time Secretary, Elmer J. Jarnecke, were convicted of conspiracy to violate the National Prohibition law. The former department of justice agent was sentenced to serve a two year term in the federal penitentiary at Atlanta and pay a \$10,000 fine. Jarnecke's sentence was to a two year term in the same penitentiary and a \$5,000 fine.

Perrin surrendered to the police today.

Soaked to the skin by rain, his clothes disheveled thru his constant wandering since last Friday night when Mrs. Rawson was shot to death and her daughter, Nina, seriously wounded, Perrin was taken to jail where he told of his escape Friday night and his subsequent wanderings.

### SUITABLE NAME FOR ZR-3 BEING SOUGHT

NEW YORK, Sept. 29. (AP)—A suitable name is being sought by the naval air service for the dirigible ZR-3, German built sister ship to the Shenandoah which is expected to sail for Lakehurst about October 6. The word "Shenandoah" is Indian meaning "Daughter of the Stars" and it is hoped to find a name for the new air cruiser which will continue the same idea. The few preparations necessary to receive the ZR-3 on this side already are underway. Trained squads have been sent to Boston Airport, Mitchell Field, Langley Field and Paris Island to serve as emergency ground crews should unfavorable weather prevent landing at Lakehurst. On arrival at Lakehurst the gas with which the ZR-3 will be inflated for the trans-Atlantic journey will be withdrawn and Helium substituted because of the larger margin of safety against accident.

Someone has referred to the Republican presidential candidates as "the calm and cautious Coolidge and the vociferous Dawes." The adjectives are not misplaced, but the nation knows that these men, of widely different temperaments and mannerisms, think very much along the same lines and arrive at like conclusions.

Illinois is a wonderful state but it is much finer to live in the central or northern part than down in some of the south counties, if judgment is made from the records. Strikes and bloodshed, poisoning and the reign of lawlessness have injured the name of southern Illinois.

Congressman Victor Berger of Milwaukee, who was expelled from Congress because of his expressed sympathies for Germany and later re-elected, is making campaign speeches for LaFollette. One of the said speeches was delivered in Chicago Sunday and an admission fee of 35 cents was made. Perhaps it was because of the admis-

sion fee that Mr. Berger had a really large audience. The plan works out in some gatherings. Free, nobody goes, charge an admission and people throng the entrance.

A SHRINE IN  
THE BUSY LOOP

The Methodist church has built a great temple at the corner of Washington and Clark streets in the heart of the business district of Chicago. Several floors of the building are devoted to church purposes, while offices take the space of the remainder of the building. Beautiful in architecture, it is indeed a shrine, set in the midst of the business whirl where it will call many to worship as its wonderful chimes sound the hours.

Worshiping isn't always done within church walls and it is very safe to say that the influence of the temple will by no means be limited to the spot where it stands, nor will only the lives of men and women who enter its portals be influenced. Yes, many who view the temple and hear the chimes will answer the call to worship, even though they never pass within the temple walls.

THE FARMER'S BEST  
CUSTOMER

While Republican efforts to give direct aid to the farmers have met with wonderful results, they do not by any means represent the sole benefit that the farmers have received through the Republican Administration. The protective tariff admits free most of the things the farmer buys but keeps a suitable duty on what he sells. But the tariff also puts a duty on the products of wage earners in many industries. Thereby more men are assured employment, and wages are kept at a higher level than under the Democratic free-trade tariff.

The American wage earner is the farmers' best customer, and his increased purchasing power under the Republican protective tariff assures a wide market for the products of the farm.

MORE AND LONGER LIFE

Dr. Eugene Lyman Fiske, director of the Life Extension Institute, says that in the last century the average span of life has been lengthened 20 years, and the chances are that it will be

lengthened 20 years more within the next generation.

It used to be that when a man reached 50, he was old and near his end. Now the man of 50 in good condition can look forward with a reasonable expectation of living to 80. Before long, perhaps the man of 80 can look forward with a reasonable expectation of reaching 100.

Here is a marvelous gain. If life is reckoned only in length of years, but duration of time, as every "live" person knows, is only half of it. The same scientific progress that has so lengthened life in the last generation or two, and is now operating more rapidly than ever to that end, has enormously increased the experiences that can be crowded into any particular term of years.

A man nowadays can easily come into contact with 10 or 100 times as many people as his grandfather could. Travel and communication take him easily throughout the world or bring the world to him. There is immensely more interchange of ideas and information and enormous multiplication of manufactured goods, works of art, etc., together with the means of enjoying them.

A few years of ordinary life may now be crowded with experience impossible to a Solomon and a Methuselah combined. The life of an alert, intelligent and healthy person may mean, for most purposes of existence, as much as hundreds of years would have meant at the peak of any former civilization.

SCORES JOIN IN THE  
SEARCH FOR LOST BOYHunt For Elmer Morthole of East  
City When Spends Night  
Away From Home.

Elmer Morthole, 13 year old son of Mr. and Mrs. Henry Morthole of the East Morton road, who disappeared from his home Saturday afternoon, was found at 11 o'clock Sunday night when a search had been conducted in the neighborhood of his home by scores of neighbors, county officials, Jacksonville police and a number of Jacksonville citizens. County authorities report that the boy was located in the attic of his home.

It is said that the boy voluntarily left home Saturday afternoon about 5 o'clock and he is believed to have spent Sunday night in a straw stack. Early Sunday morning he was seen near a corn field but succeeded in eluding his pursuers, who had formed into a searching party after his Saturday night's absence. It is thought he returned to the house while a search was being made of adjoining fields.

Following the organization of a searching party a call was put into Decatur for bloodhounds but a bloodhound from Springfield was brought here earlier in the evening to assist in the search. The dog failed to distinguish the tracks of the boy from amidst hundreds of other tracks which had been made in the field, soon losing the trail.

Mannington, W. Virginia.—"I took the Vegetable Compound when having the turn of life. I had been sick for seven years. I would get a little better, then I broke down again. It would be hard for me to describe how I was for I was a perfect wreck. I suffered with a pain in my left side, then I would have numb spells.

and I would think I couldn't live. I would have hot flashes, then would come weak spells. I was so weak I would think I couldn't ever get a meal ready. My work was a burden to me. I was not able to do my housework half of the time. A friend advised me to take Lydia E. Pinkham's Vegetable Compound, and it has given me strength and health.

The hot flashes left me and I got better of the numb spells. That summer I could do my housework and worked in the garden a good bit. I tell all sick women what your wonderful medicine did for me and will always recommend it. I am known to all my neighbors, and you can publish this statement because it is true."

Mrs. JOHN W. WALSH, R. No. 1, Box 36, Mannington, West Virginia.

Mr. and Mrs. George Durbin and family of the Greasy Prairie neighborhood near Murrayville were given a very pleasant surprise Sunday. When they returned from Sunday School they found their home had been taken possession of by about forty-five of their friends, who had brought with them well filled baskets of good things to eat. The event was planned as a farewell for the Durbin family, to whom will soon remove to Murrayville.

Mr. Durbin will remain on the farm until after corn husking is completed, but Mrs. Durbin and the children are to leave at once for Murrayville.

Mr. and Mrs. Durbin have been residents of the Prairie neighborhood for the past six years, where they have made hosts of friends.

Mrs. Durbin was especially active in church work, an dis the retiring president of the Ladies' Aid society. Their many friends regret to have them leave the community, but hope for their continued happiness and prosperity.

Crowds Watch Scoreboard in Pounding Rain—Slemp Wires Congratulations—Big Reception Planned For Team On Their Return to Capital.

WASHINGTON, Sept. 29.—Debonair Washington celebrated tonight in Main Street fashion its first American League pennant.

A driving rain could not drown out enthusiasm. Water soaked street archins were no more excited than dignified governmental officials.

A pouring rain throughout the afternoon found the usual crowds in front of the half dozen score boards. Muffled in raincoats or from under umbrellas the Washington fans, thousands of them, forgot the wet and roared like college boys.

A wild outburst of cheering and shouting greeted the flash that told of Washington's victory over Boston—and the pennant. Umbrellas were tossed in the air, traffic cops forgot traffic and the white house stopped the wheels of government to send a telegram of congratulations to the Washington team. All over the city tonight baseball talk was humming. The sand lot spirit of Main Street, held the Milwaukee Colored Giants.

Washington, excited, happy, giggled like a two year old after his first toy. Word of today's game flew over the city. Mrs. Coolidge was one of the first to hear it at the white house and gave the tidings to the president.

The telegram from the executive mansion, which was signed by C. Bascom Slemp, secretary to the president and addressed to Manager Harris read:

"Heartiest congratulations to you and your team for your great work in bringing Washington its first pennant. We of Washington are proud of you and behind you. On to the world's championship."

Plans are being pushed to add the finishing touches to the welcome the city will give the team when it returns Wednesday. An elaborate program has been worked out, including among other things, a welcoming address by the president.

The weather bureau tonight forecast fair weather for the week end when Washington on Saturday will clash here with the New York Giants in the first game of the world series.

## HUGGINS WISHES SENATORS ALL LUCK

PHILADELPHIA, Sept. 29.—"Twish them all the luck in the world against the Giants," said Miller Huggins, manager of the Yankees when informed by the Associated Press, that Washington had cinched the pennant.

"They have played fine ball all year and I wish them the best of luck."

## WASHINGTON CLINCHES AMERICAN PENNANT

Before a Crowd of 10,000 Senators Beat Red Sox By Score of 4 to 2 While Yankees Are Idle—Relief Pitcher Highly Effective.

BOSTON, Sept. 29—Washington won its first American League pennant by defeating the Red Sox here today, 4 to 2, and earned the right to meet New York Giants in the World's Series which is to open in Washington, Saturday.

When the last Boston player was out in the ninth inning and the victory of the Senators was assured, a crowd of 10,000 Boston fans cheered the visiting team as it came from the field. Clark Griffith, the veteran owner, Stanley Harris, the "boy manager" Walter Johnson, famous pitching ace, who will take part in his first world's series after eighteen years in the big leagues, were applauded in turn.

Fred Marberry, relief pitcher of the Senators, who held Boston scoreless for the last six innings today, will be named the hero of this deciding game. He has acted as relief pitcher in all three games played here in this series and has worked in fifty games for Washington this season. Lefthander John Zachary was none too effective in the first three innings, but Marberry stopped the Red Sox.

Washington made its bid early for the victory that would give it the pennant regardless of what the New York Yankees do in their doubleheader against Philadelphia tomorrow. Off Curtis Fullerton in the first with two out, Rice singled short, stole second and went all the way home when O'Neill's wild throw caromed off Lee's glove. In the second the Senators made two runs. Peck singled and scored on singles by Ruel and Zachary. Ruel scored from third on Liebold's single to right.

The Senators added a fourth run in the eighth inning. Stanley Harris doubled against the left field fence and went home on a clean single by Rice.

Boston had all its chances early in the game. Singles by Williams and Wamby let the former home in the first. Veach scored in the third. He singled, Boone was hit and Joe Harris bunted. Ezzell's harsh grounder off Zachary's glove let Veach score. Through the game Peck and Stanley Harris played wonderful ball. In the last half of the ninth with one out, Harris picked up Pinchhitter Clark's grounder, tagged second and with a quick pivot and throw almost without looking, got the ball to Judge in time to double up the batter and retire the side.

**BAPTISTS PASS GOAL  
IN S. S. ATTENDANCE**

Promotion and Rally Day Program Brings Out 520—Many Children Get Diplomas of Advancement.

When the goal of 500 was set last month for the Rally Day of the First Baptist Sunday schools, it was 150 ahead of all previous records. The surprise occurred last Sunday, Rally Day, when the main school and its mission moved up toward the 600 mark, shattering all previous records since the establishing of the church 83 years ago. By actual count, the downtown school had 520 present and the uptown school 76. Superintendent Byron Stewart had charge of the exercises at the morning school, which consisted largely of departmental programs, participated in by the graduates, each of whom received a diploma. Mrs. Gertrude Richardson presented several of the 19 members of the Cradle Roll. The Primary Department recited verses from the Bible under the direction of the superintendent, Mrs. Edgar Busey. Not to be outdone, the beginners put on an interesting little program, directed by their superintendent, Mrs. Don Baird. A more lengthy event came when the graduates of the Junior Department, supervised by Miss Mable Withee, recited whole chapters, with each other in finding verses, and sang impressively one of the old hymns of the church from memory. Miss Helen Turner sang a vocal solo and Harry Birdsell played two violin solos, with Miss LaFern Hess at the piano.

The youngest person present was the daughter of Mr. and Mrs. Don Baird, two months, and the oldest was Mrs. Millie Stevens, 81 years. The decorating committee had the platform tastily decorated with fall flowers. Much credit was given the publicity committee, the Ready Maids class, for the record breaking attendance.

Following the close of the Sunday school, the Men's Barracca class took charge of the morning service and conducted it in keeping with the Laymen's Sunday of the Northern Baptist Convention. President John A. McGlothlin presided, with seven other laymen participating. The pastor, Rev. A. P. Howells preached a sermon on "Christian Fellowship." The annual Church Home Coming was announced for Sunday, October 19th, at 10:45 a.m., with the request that every family in the church and congregation, bring enough dinner for themselves and two others and "break bread" together in the dining room of the church, at noon.

Nineteen little tots were promoted from the cradle roll to the beginners' department, 13 of whom are already attending Sunday school. Those promoted include: Betty Mae Cowdin, Mary Catherine Hardesty, Clara Margaret Baird, Carl Herman Weber Jr., Mona Isabel Day, Mary Belle Roberts, Mary Allyng King, Mary Mattison Hoffman, Angelene Veda Moore, Betty Jane Clark, Donald L. Cowdin, Iva Marie Herrald, Betty Jane Taylor, Paul Richard Mapes, Marshall Wesselman, William Howerton, Ruth Crawford, Mildred Marie German and John Self.

Children advanced from the beginners' to the primary department are as follows: Helen Faugust, Mary Catherine Moorman, Frances Phillips, Janie McNamara, Paula Spooner, David Taylor, Edward Smith, William Eigelhart, and Robert Spearman.

The children promoted from the junior to the intermediate department are: Charles Faugust, Warren Haley, LeRoy Richardson, John Updegraff, Jack Swinger, Marilla Busey, Ruth Henry, Bernice Sample, Elsie Smith, Martha Smith, Elizabeth Templin, Della Whiteman, Beulah Hawk and Elizabeth Laughey. The boys in this group have been taught by Leon Stewart and the girls by Miss Massey.

Children in the school who passed from the primary to the junior department include: Thrya Smith, Delores Hoffman, Reginald Hess, Homer Mumbauer, Harold and Gerald Long, Oscar Faugust, Lorine McNamara, Helen Kitner, Dorothy Towers, Mary Eigelhart, Isabell Hull, Margaret Wood and Dorothy Templin.
